

TWG President Message
January 2026

Hello Weavers!

Two Thousand Twenty Six - OMG!

I hope everyone had lovely end of the year holidays, with family, friends and loved ones. As we keep moving forward in time, we use this month to be the New Start - a time to reflect on the past and.... make resolutions for future attitudes and activities!

I for one, look forward to weaving, as I continue to find this activity both stimulating and grounding. At my island studio, I have two looms. My 32s Megado, which I've had for several years and my new AVL 40s K loom. This loom was ordered in December of 2023, and arrived in April of 2026! And it will be probably two more months before I'll be weaving on it, and that is with fingers crossed! [I am so happy I am NOT in the manufacturing business - it's not easy!] So, I weave on the Megado. The current project is a bit shallow for this fancy loom, but a challenge for me — I am going to weave a small Krokbragt rug, using 3 shafts! Stay tuned!

We hope to see everyone at our January 9th meeting to enjoy hearing Marilyn Romatka talk about Guatemalan Textiles, and then spend some time “shopping” at our mid-year Dog-Daze Sale.

See you soon -
Weave away!

Mimi
